The gray red-backed vole, *Clethrionomys rufocanus*, from Far East Asia including Sakhalin and Hokkaido is known to harbor intraspecific morphological and cytogenetic variations. Here we analyzed geographic variation in the mitochondrial cytochrome b (Cytb) gene and Y chromosome specific Sry gene by a PCR direct sequencing technique. Determination of sequences in the Cytb gene (1140 bp) in 29 ...

Geographic Patterns of Cytochrome b and Sry Gene Lineages ...

In this study, the alloy shrinkage factors were obtained for the investment casting of 17-4PH stainless steel parts. For the investment casting process, unfilled wax and fused silica with a zircon prime coat were used for patterns and shell molds, respectively. Dimensions of the die tooling, wax pattern, and casting were measured using a Coordinate Measurement Machine.
