What sets our models apart is system depth, which we consider to be the most important aspect of model making. The professional Boeing series is therefore licensed by Boeing and tested by real airline pilots and engineers. To stay the top model manufacturer for X-Plane we employ the best texture artists and real aeronautical engineers.

Brakes. One innovative application is the move from hydraulically actuated brakes to electric. Electric brakes significantly reduce the mechanical complexity of the braking system and eliminate the potential for delays associated with leaking brake hydraulic fluid, leaking valves, and other hydraulic failures.
