How to Tune a Toshiba Regza. By Daniel Barrows. Toshiba's Regza is a line of flat-panel, high-definition televisions that come equipped with anti-glare coating, anti-blur technology, dynamic backlight control and 12-bit video processing. To prepare the television for viewing, you must first run the device through a "tuning" process; otherwise, the navigation buttons on the remote will be unable to access the channels provided by your antenna or cable connection.
